HERE'S HOW WE HELP YOU GET YOUR LIFE BACK

Some people don't know what returns need to be filed or what they really owe: their personal or business bookkeeping and recordkeeping is a mess or non-existent. After we register our Power of Attorney with the IRS, the second step we take is to get all your IRS tax records from the IRS to see where you stand. After that, with your help, we prepare all your delinquent income tax returns and get them filed with the IRS. And lastly, we negotiate the best possible resolution that permanently resolves your IRS difficulties. That may mean doing an Offer in Compromise, a properly structured Payment Plan, currently Not Collectible Status, Penalty Reduction and more.
